

Save The Rainforest

Art:

We will be looking at the collages from Jeannie Baker's *Where the Forest Meets the Sea* and creating our own. We will be reflecting on our work to decide how to improve it.

Science- Humans and Animals

We will be learning about the importance of nutrition for humans and animals. We will find out why we have bones and muscles.

We will then write a report about nutritional value and healthy eating.

Geography:

Using maps, we will locate the Equator, the Tropics of Cancer and Capricorn, I can consider the countries and climates that surround these lines and discuss relationships between these countries.

Year 3 Terms 5 and 6

Literacy:

The Great Kapok Tree by Lynne Cherry

Non-fiction:

We will be writing a non-chronological report about the rainforest.

The Vanishing Rainforest by Richard Platt

Non-fiction:

We will write a discussion piece: Should the rainforest be saved?

Numeracy:

We will be learning about the properties of shapes and measuring time.

We will be reviewing our x 3 tables.

We will be learning about fractions.

Design and Technology

We will be making a fruit smoothie, looking closely at the equipment we will need and measurements. We will also look at flavour combinations using rainforest fruits to make it as delicious as possible.
