

Year 4 - Natural Disasters

Our Subject goals:

Geography: Know how the lives of people in particular localities have been affected by earthquakes and volcanoes.

Be able to express views on the features of an environment and the way it is being harmed or improved.

Science: States of Matter

Design & Technology: to use the correct materials to make a volcano using cams.

Literacy: writing about how a natural disaster occurs and writing a non-chronological report.

During the topic we will be focusing on:
Geography, Science and Technology

We will be:

Researching volcanoes, earthquakes and other natural disasters.

Making model volcanoes.

Planning what would be needed for a disaster relief centre.

Visitor

Freshwater Theatre
Company

Date: 21st January

Story Books

Escape from Pompeii
And
Night of the Twisters

We will be finding out:

- About how the Earth is formed
- What a volcano island is and where they are in the world
- What causes an earthquake?
- How earthquakes can be measured
- About how to put together a survival kit
- What happens when rock melts?
- How volcanoes can give off poisonous gas
