

Year 4 - The Romans

Our Subject goals:

Geography: Locate the world's countries, using maps to focus on Europe.

Human geography, including: types of settlement and land use, the distribution of natural resources including energy, food, minerals and water.

Use maps, atlases, globes and digital/computer mapping to locate countries and describe features.

History: The Roman Empire and its impact on Britain
A local history study

Art: Using different materials to create a mosaic and compare with an original design.

Literacy: Discussion Text - Where is the best place to build a city.

During the topic we will be focusing on:
Geography, History and Art

We will be:
Researching The Roman Empire

Learning about
Settlements & Daily Life

Making model mosaics

and much more!
